

# Línea Moldurada Clásica

 **BARNABA**

& CIA. S.R.L.

## Linea Moldurada Clásica

Barnaba y Cía. S.R.L. fabrica y comercializa diversas líneas de paneles TecnoPlac® con más de 40 modelos en total. Cada uno de ellos se presentan en 3 variantes - tablero, vidriado y con costera.

Las posibilidades de combinación contemplan diferentes anchos de moldura y motivos de acristalamientos tipo DVH -transparente, traslucido, barrotillo, vitreaux -.

La calidad de terminación de estas placas es óptima, debido a la precisa y prolija manufactura que poseen y a la calidad de los materiales empleados.
